| date       | name             | Completed Task   | Morning Scrum | Evening Scrum | Absent issue(if you absent then) |
|------------|------------------|--|---------------|---------------|----------------------------------|
| 08/28/2023 | Md Masum         | worked on candidates (forntend style) inside dashboard | Present       | Present       |                                  |
| 08/28/2023 | Kabir Hossen     | job discription part                                   | Present       | Present       |                                  |
| 08/28/2023 | Anik Biswas      | Find candidates section design                         | Present       | Present       |                                  |
| 08/28/2023 | Ashik Faysal     | Program Manage section                                 | Present       | Present       |                                  |
| 08/28/2023 | Md Arifur Rahman | Explore firebase authentication using redux            | Present       | Present       |                                  |
| 08/28/2023 | Saiful Islam     | job application form create                            | Present       | Present       |                                  |
| 08/29/2023 | Md Masum         | fetching data and show in candidates                   | Present       | Present       |                                  |
| 08/29/2023 | Kabir Hossen     | exam issue and help any members                        | Absent        | Present       |                                  |
| 08/29/2023 | Anik Biswas      | Find candidates section navbar and routing             | Present       | Present       |                                  |
| 08/29/2023 | Ashik Faysal     | Program Manage section and ui section on this page     | Present       | Present       |                                  |
| 08/29/2023 | Md Arifur Rahman | Again explore firebase authentication using redux      | Absent        | Present       | Can not join for late            |
| 08/29/2023 | Saiful Islam     | sent to form data to db                                | Present       | Present       |                                  |
| 08/30/2023 | Md Masum         | added some feature as checkbox                         | Present       | Present       |                                  |
| 08/30/2023 | Kabir Hossen     | job assesment part                                     | Present       | Present       |                                  |
| 08/30/2023 | Anik Biswas      | not comoleted any task. because of versity exam        | Present       | Present       |                                  |
| 08/30/2023 | Ashik Faysal     | Contact section  | Present       | Present       |                                  |
| 08/30/2023 | Md Arifur Rahman | Redesign home page and logo                            | Present       | Present       |                                  |
| 08/30/2023 | Saiful Islam     | sent image and pdf to db                               | Present       | Present       |                                  |
| 08/31/2023 | Md masum         | Send Email by clicking                                 | Present       | Present       |                                  |
| 08/31/2023 | Kabir Hossen     | previous task complete                                 | Absent        | Absent        | exam issue, mobile issue,        |
| 08/31/2023 | Anik Biswas      | page responsive  | Present       | Present       |                                  |
| 08/31/2023 | Ashik Faysal     | React map and react hook form                          | Present       | Present       |                                  |
| 08/31/2023 | Md Arifur Rahman | Dashboard report section                               | Present       | Present       |                                  |
| 08/31/2023 | Saiful Islam     | implement multer with backend                          | Present       | Absent        | Office issues                    |
| 09/01/2023 | Md Masum         | dcumentation updated,make ready live site mfixed error | Present       | Present       |                                  |
| 09/01/2023 | Kabir Hossen     | full discription part dynamic                          | Present       | Present       |                                  |
| 09/01/2023 | Anik Biswas      | preparation for presentation                           | Present       | Present       |                                  |
| 09/01/2023 | Ashik Faysal     | preparation for presentation                           | Present       | Present       |                                  |
| 09/01/2023 | Md Arifur Rahman | Again working on the report section and presentation   | Present       | Present       |                                  |

- **Milestone-5**

## Planning :

- Wil add :
  1. open ai for job details
  2. social media share options , by clicking it will post
  3. resume parsing
  4. update user info(name,company name,etc)
  5. sent email by user's id
  6. also will show the candidates form info
  7. email js will be added
  8. many many many functions are there to improve ,like: hr can do anything of any candidate, can replace assessments to interview and also can disqualified.

If you would like to learn more about our team and project details,  
please feel free to get in touch with us.

Made by: Md Masum (team lead)
