TRAININGS

Complete Web Development Course With Programming Hero

Programminghero.com, Online

Jan 2023 - Present

I am Md. Saiful Islam. I am a student of Programming Hero, an online platform for learning web development. The platform was founded by Md. Jhankar Mahbub. I am taking a course that focuses on web development and covers topics like HTML, CSS, JavaScript, and frameworks such as React, Node, Express.js, MongoDB. The course includes video tutorials, coding exercises, quizzes, and projects to help students learn and practice their skills. Through Programming Hero, I am working towards becoming a skilled web developer.
